

## 1 Day Phillip Island Ultimate Eco Tour

A trip to Phillip Island will be a day to remember and our Ultimate Eco Tour is nothing short of unforgettable.

Along the way you will meet some of Australia's favourite animals. At our first stop, Moonlit Sanctuary, you can cuddle a koala (fee applicable), hand feed kangaroos and wallabies, see wombats and Tassie devils. Enjoy lunch overlooking a billabong teeming with waterbirds before we make tracks to the historic Churchill Island.

Down at Churchill Island take time to wander about the gardens surrounding the historic Amess House. Learn about the significance of this small island and the history of Victoria. Head over to the farm yards where you'll get to see stockwhip cracking, sheep shearing and working dogs in action (time permitting).

Once on Phillip Island we'll take you to the Koala Conservation Centre where you'll get up close to koalas in their natural environment. Here there are boardwalks that get you up into the treetops, giving you the best opportunity to grab some great photos of these secretive animals.

Next we head over to the home of the Little Penguins, Summerland Peninsula, but before we meet the stars of the show we'll take a break at the Nobbies Centre. Here you might get a sneak preview of the penguins, whilst enjoying the spectacular views over Bass Strait.

Last but certainly not least is the world famous Penguin Parade. Here you'll see hundreds of Little Penguins come ashore just after sunset, make their way across the beach and up into the sand dunes to their burrows. A natural wonder, this is something you will never forget.

### HIGHLIGHTS

- Experience the magic of **Moonlit Sanctuary** & see **wombats, koalas, kangaroos, dingoes & much more!**
- Opportunity for close **Koala encounter** (at own expense)
- **Churchill Island Explore** this historic landmark & see the **local sheep shearing & working dogs** in action
